**What is Nextier?** Nextier is a multi-competency firm focused on solving complex development problems. Our mission is to build the society we want to live in. The firm uses evidence-based research to develop and build knowledge and skills for advancing our society. It has been operating in Nigeria since 2011.

**What is Nextier's motto?** "We measure twice and cut once."

**What are Nextier's four main business units?** Nextier Advisory, Nextier Power, Nextier Gas and Energy Transition, and Nextier SPD (Security, Peace & Development).

**What is Nextier Foundation?** A not-for-profit organisation at the core of Nextier's DNA. It addresses Africa's most pressing challenges by applying Nextier's talent in partnership with other innovative organisations and encourages staff to give back to communities in socially responsible and environmentally sustainable ways.

**What is Nextier's core commitment?** "We think. We do. We engage. Actively!" We focus on delivering sustained impact, work pragmatically with the grain of the political economy, and engage anyone with a voice or influence on solutions.

**What is Nextier's differentiating competence?** We layer rigorous thinking on a deep understanding of the political economy. We do not stop at advice — we collaborate with governments, private sector, development partners and communities, and we take investment positions when necessary (legally) to ensure solutions are adopted and implemented.

**Where does Nextier operate?** Primarily Nigeria since 2011, with reach across Africa; the website also references Nextier Liberia.

**What does Nextier Advisory do?** It provides evidence-based analysis, plans, frameworks and roadmaps to help public-sector clients achieve economic and social goals using deep industry knowledge, research, modelling, analysis and strategy development.

**List Nextier Advisory's core competencies.** Economic Development, Governance, Policy Research and Analysis, Investment Promotion, Financial Advisory, Monitoring and Evaluation, Agribusiness, Petroleum.

**Key Economic Development projects?** • Central Bank of Nigeria – partial divestment of petroleum assets for infrastructure funding. • Kaduna State sustainable waste management pilot (DFID-supported). • FOSTER (DFID) – economic model for Niger Delta development.

**Key Policy Research & Analysis projects?** • Federal Ministry of Finance – National Lottery review for sports funding. • Central Bank of Nigeria – SME financing framework. • Think Tank Initiative – redesign of Nigeria's job-creation strategy.

**Key Governance projects?** • DFID PERL – "Roadmap Nigeria" governance-reform network. • OSIWA – study on professionals transitioning into government. • Advisory to a state government on creating a functional delivery unit.

**Key Petroleum projects?** • FOSTER – policy advice on Petroleum Industry Bill (7th & 8th National Assemblies). • NNPC gas-flare commercialisation events. • Fuel-subsidy reform roadmap and political-economy analysis. • European Commission – community-based pipeline surveillance in Niger Delta.

**Key Financial Advisory projects?** • National Office for Technology Acquisition and Promotion – IGR strategy. • Enugu State – attraction of Private Estates International for a new city. • PVTech Inc. – renewable-energy market analysis (advised against plant setup).

**Key Investment Promotion projects?** • DFID GEMS3 – enterprise-wide transformation of Nigerian Investment Promotion Commission. • Federal Ministry of Agriculture – investor securing for Kogi Staple Crops Processing Zone. • Nigerian Content Development Board – master plan for oil & gas industrial parks in Niger Delta.

**Key Monitoring & Evaluation projects?** • USAID Early Warning and Response Design Support mid-term review. • Federal Ministry of Niger Delta Affairs – Niger Delta Action Plan & Results Framework. • National Planning Commission – SURE-P multi-dimensional baseline study.

**Key Agribusiness projects?** • BRACED Commission – South-South agricultural sector strategy + agribusiness summit. • Teragro Nigeria Ltd (Transcorp) – feasibility study and lease negotiation for Benue fruit-juice plant. • Honeydew Foods Ltd – market-entry strategy for ready-to-eat tomato sauce.

**Additional high-profile Advisory projects (pages 13–15 of data.pdf)** • NABII / GIZ – mapping Nigeria's impact-investing ecosystem. • Federal Ministry of Finance / GIZ – $1 billion Nigeria Wholesale Impact Investment Fund framework. • Enugu & Anambra State government transitions (Ugwuanyi→Mbah and Obiano→Soludo).

**What does Nextier Power do?** A management consultancy and solutions-development firm focused on complex policy, advisory and investment challenges in Africa's electricity sector. It blends global networks with deep local market understanding.

**Clean Energy & Transition projects?** • Enabling frameworks for rural electrification and off-grid solar. • Rural Electrification Fund Risk Management Programme (socio-economic assessment, mini-grid connections, value-chain mapping). • User assessments for sustainability of solar home systems and mini-grids.

**Solar Off-Grid & Investment Platform projects?** • Solar off-grid solutions as constituency projects for National Assembly (market assessments, impact studies). • One-Stop Investment Platform for renewable-energy investors. • Import Process Gap Analysis & risk-mitigation strategies for RE equipment.

**Competitive Market Design & Optimisation (CMDO) projects?** • National Control Centre systems & processes improvement. • Operational assurances and billing/revenue assurance for DisCos (2015–2019). • Service-Based Tariff implementation monitoring. • Merit Order dispatch support and NBET performance monitoring.

**Infrastructure & Investment Advisory (IIA) projects?** • Alaro City (Lekki) – operationalisation of electrical utility company (FEED, feasibility, licensing, commercial & technical frameworks). • AEDC operational reorganisation & Project Implementation Unit. • Foreign metering company market-entry advisory (IoT meters). • Aqua Solar water-based solar panels market prospecting.

26–28. **Electricity Policy Analysis & Research (EPAR) projects?** • Power Consumer Assistance Fund (PCAF) framework for National Assembly. • Capacity-needs assessment for regulators (NERC, TCN, NBET, REA). • Action Plan for contractual challenges in on-grid electricity market. • Medium-term market regulatory impact analysis for DisCos. • Energy Policy Roundtable for stakeholders.

## Nextier Gas and Energy Transition (29 – 31)

1. **What does Nextier Gas and Energy Transition focus on?** Recognised leaders in gas and energy-transition advisory. They provide bespoke solutions on gas, energy transition and green-economy issues for governments, private sector and development partners, supporting Africa's net-zero ambitions while keeping gas as a transitional fuel.

30–31. **Key Gas & Energy Transition projects?** • Enabling gas-flare commercialisation (drafting Gas Flare Prohibition regulations 2018, National Gas Policy, Petroleum Industry Act support). • Methane Mitigation policy framework and MRV guidelines for NUPRC & Ministry of Environment. • Gas-based industrialisation study for NNPC and National Economic Management Team. • Civil-society training, public dialogues and multi-stakeholder engagements on energy transition. • Climate-action support to Ministry of Environment (kerosene/firewood to cleaner gas fuels).

## Nextier SPD – Security, Peace & Development (32 – 40)

**What does Nextier SPD do?** A development consulting firm using evidence-based research to enhance human security, peace and sustainable development in Nigeria and Africa. Capabilities: Technical Assistance, Monitoring/Evaluation/Learning, Policy Research, Community/Stakeholder Engagement, Violent Conflict Tracking, Project/Programme Management.

**What is the Violent Conflict Tracking database?** A real-time, day-to-day database covering all 36 states + FCT, tracking maritime piracy, terrorism, kidnapping, banditry, farmer-herder conflict, secession agitations, cultism, civil unrest and communal clashes (fatalities, injuries, victims, displacement).

**Key SPD projects?** • Catholic Relief Services (CRS) – STaR Project annual survey & endline assessment (Lake Chad Basin stabilisation & reconciliation – Nigeria, Niger, Cameroon, Chad). • UNICEF – Stocktaking on Children's Release and Reintegration Programme in Northeast Nigeria. • British Council MCN – Community resilience & peacebuilding in Northeast Nigeria. • Norwegian Refugee Council (NRC) – Community-based dispute resolution structures in Plateau State. • Konrad Adenauer Stiftung (KAS) – Regulatory framework for non-state security outfits across six geopolitical zones. • CARE / UN Women – Final evaluation of GBV Prevention & Response Project in Borno & Yobe. • U.S. Department of State – Supporting civic engagement in electoral processes (10 African countries including Nigeria). • British Council – Independent assessment of CSO capacity development under EU-ACT. • NEITI – Funding strategy for financial independence. • Additional: IOM Global Compact for Migration report, Federal Ministry of Niger Delta Action Plan, EU Community-Based Security system for Niger Delta petroleum assets, Shehu Musa Yar'Adua Foundation election & anti-corruption evaluations, FOSTER Presidential Amnesty Programme review, GIZ SEDIN & diaspora initiatives, CBN intervention-programme impact evaluation.
